33 Boston Post Rd W  
Marlborough, MA 01752

Dear Michelle,

On behalf of the American Cancer Society, thank you for your outstanding support and commitment to Making Strides Against Breast Cancer! Please accept the enclosed Certificate of Appreciation in recognition of your efforts. Your involvement in this event truly does make a difference in the lives of those touched by breast cancer.

Fundraising efforts are continuing across the state by supporters like you including dinner dances, comedy nights, yard sales, and bake sales. We appreciate the extra effort of so many who are helping us to reach our \$3.3 million goal.

Please remind your supporters that it is not too late to contribute. If you have any outstanding donations, please send them in now, and don't forget to check with your company regarding matching gift opportunities. Together we can make this goal by the end of the year.

I would like to share an excerpt from a note we received from one of our Pacesetters, Warren, age 12:

*In my experience, the word hope is something that if lost there is very little left in life. Hope is necessary to get through strife. I needed to have hope during my mom's battle with breast cancer, my mom needed hope through that ordeal, she needed the hope that she would make it through and her hope turned into a reality. Hope means that you need or have to have something happen, like the hope of finding true love or the hope that everything will turn out well in the end. If you don't have hope you don't have life. Hope is the greatest feeling of all, to have **hope**.*

We appreciate everyone's effort in helping us provide HOPE to breast cancer patients and their families. Please help us reach our goal!

Please let me know if there is any way that I can help you with your fundraising efforts.

Most Sincere Appreciation,

A handwritten signature in black ink, appearing to read "S Balfour", with a long horizontal line extending to the right.

Steve Balfour  
Director, American Cancer Society Making Strides Against Breast Cancer, Boston
