Collection Agency Exhibiting at New England's Largest Dental Meeting

American Profit Recovery with Expertise in Dental and Medical Collections Provides Advice to Those Attending Yankee Dental Congress

Marlborough, Mass – American Profit Recovery, a [collection agency](#) with expertise in dental and medical collections, will be exhibiting at Yankee Dental Congress, New England's largest dental trade show with more than 28,000 Dental Professionals in attendance. The show will be held January 25-29 at the Boston Convention and Expo Center. American Profit Recovery can be found at Booth # 1831.

For the fifth year, American Profit Recovery with offices in Massachusetts, Michigan and North Carolina will be exhibiting at the show. The collection agency with a focus on a diplomatic approach works with hundreds of practices across the country to assist with their dental and medical collections. A team from APR will be on hand to assist current clients as well as speak to other dental professionals about their highly-effective and cost saving flat fee collections system.

YDC is the fifth largest dental meeting in the country and is sponsored by the Massachusetts Dental Society. Countless dental professionals attend the event including dentists, hygienists, lab technicians as well as office staff. It is typically those office staff members that are in charge of billing and accounts receivables for the dental practice and APR works closely with those office managers to improve cash flow and collection rates.

“Our team understands the delicate nature of the doctor/patient relationship as well as the importance of patient confidentiality and we work hard to improve the communication between those two parties,” states Jeff DiMatteo, a partner at American Profit Recovery. “I believe we have earned a solid reputation as a company that works very well with those in the dental profession.”
